Thursday's Notes

Parent Home Access Center

Home Access Center is a student database which allows parents to access student grades, discipline information, etc., so that parents can be informed and made aware of their children's progress.

Please be advised that the Class Work/Grades tab of the Home Access Center was be enabled for parent access on Tuesday,

September 6, 2011. You will use the same login and password for the Home Access Center each year as long as you have at least one child active in Fulton County Schools. If your child has been withdrawn or has graduated from the school system, your Home Access Center login is inactivated automatically by the

system and you will no longer have access to the site. Teachers have sent home the login information for this site this week. If you did not receive it, you may bring picture identification to the front office to retrieve your login and password.

Did Know That Love T. Nolan Is A Uniform School?

Love T. Nolan was actually the first school in Fulton County that received permission for students to wear uniforms. Our uniform colors are navy blue bottoms and yellow or light blue tops. Uniforms can be purchased from any store. We encourage our students to wear the uniforms each school day. Let's all support this effort by purchasing the uniforms and allowing your child to wear them to school daily!

Box Tops for Education has helped America's schools earn over \$400 million since 1996. You can earn cash for your child's school by clipping Box Tops coupons from hundreds of participating products. Box Tops also offers easy ways to earn even more cash for your school online. This year, our goal is to raise \$500. With your help, we can make a difference, so don't forget to bring your box tops to Mrs. Atwater in Room 23.

Counselors' Corner...

Classroom guidance this month is centered on teaching students a variety of strategies to help them be more prepared for school. Students are learning organizational skills, listening skills, appropriate homework practices, and other tools that contribute to their academic success.

School Preparation Should Occur Each Day & Involve Students:

- Eating a healthy breakfast.
- Hearing school rules reinforced at home.
- Ensuring book bags are packed with appropriate materials.
- Exhibiting appropriate behaviors on the bus and in classrooms.
- Keeping desks neat and free from debris.
- Following directions of adults in the school. Remember, rules are in place to promote the academic success and personal safety of all students.
- Completing homework in an organized space, free from distractions. Keep in mind, homework is how your child gets the practice he/she needs to master a skill.
- Getting plenty of rest.

The more your student is prepared for school, the better he/she will perform upon arriving here. As your child grows older, encourage independence and responsibility by identifying school preparation tasks he/she can accomplish with little or no assistance from you and allow your child to take ownership of those tasks.
